

Good morning,

FASTRefi® is nearly here!

In preparation of our new FASTRefi® product, which we will be introducing soon, the Existing Mortgage (s) section under the Security tab in ApplyOnline has been updated to include a new question that will appear asking if the customer wishes to use the FASTRefi® service. This is for mortgages loaded against a security property where the loan is to be paid in full.

The question is mandatory, but as the product hasn't been introduced at this stage, the broker will need to ensure that they select 'No'.

FASTRefi

Do the applicant(s) wish to take advantage of the FASTRefi service? ⓘ

[Add New Existing Mortgage](#)

Yes  
No

We will let you know as soon as FASTRefi is available.

Kind Regards
