

Digital signatures now available for RedZed applications

From Monday the 17th of October 2022, we will be accepting both digital and wet signatures on your customer's application forms.

Digital signatures are now available on both Residential and Commercial application forms.

You choose the digital signature vendor/ platform you wish to use to obtain your customer's signature e.g. DocuSign, Adobe Sign etc. (subject to RedZed conditions of use, refer to our guide).

Wet signature (pen on paper) continues to be accepted.

Cut and paste or scanned signatures are not accepted.

Should you wish to use a digital signature for your customers, it's important you understand RedZed's prerequisites. We have prepared a guide outlining our requirements and helpful FAQ's.

We've taken the guess work out of cash out

We have increased the cash out limit on SE Prime and introduced a Cash Out Purpose Declaration for amounts above \$250,000.

The cash out limit on SE Prime has been increased from \$500,000 to \$1.5million.

Cash out limit for business purposes has been removed on SE Prime.

Our Reward and Recharge products continue to have unlimited cash out.

Statutory Declarations are no longer required.

Cash Out Purpose Declaration introduced for requests greater than \$250,000.

Our new Cash Out Purpose Declaration clearly defines the supporting information we require for requests greater than \$250,000.
