Resimac's latest initiatives enable brokers to grow their business

Hi,

We've made a lot of changes recently that are designed to help your Resimac-accredited brokers drive more business – particularly with their self-employed and credit-impaired clients.

Here's a quick recap:

- Increased up-front and trail commissions for our Prime Alt Doc and Specialist products
- Reduced interest rates for Prime Alt Doc and Specialist Products
- Reduced serviceability assessment buffer
- Great turnaround times and service, with fully packaged applications able to get conditional approval in less than three days
- Streamlined originations process with new credit reporting and VOI tools

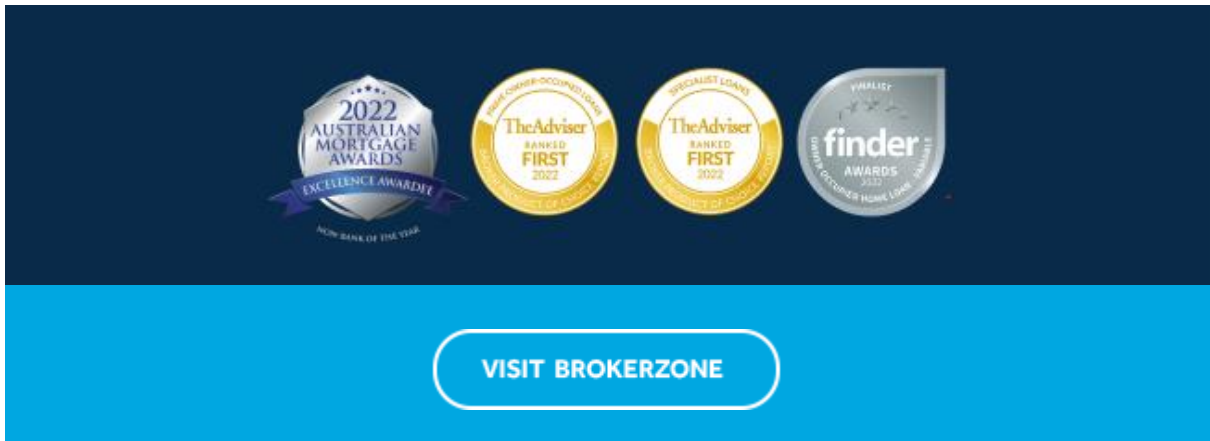

You can find out more about these great new improvements here. [Read more >](#)

By the way, did you catch our GM Distribution Chris Paterson on the Mortgage Business podcast? It's a great listen! He covers off the opportunities in serving self-employed and credit-impaired borrowers. You can stream it [here](#).

If you have any questions, please don't hesitate to reach out to your [Resimac BDM or Relationship Manager](#).

Kind regards,

The team at Resimac
